

Connecting Businesses
with Opportunities

INDIA BUSINESS AND TRAVEL GUIDE

Delhi Special & Bengaluru Special

A comprehensive resource created in direct response to the challenges that most foreign nationals face while doing business with India. The goal is to make the opportunities in India easily accessible to small & medium enterprises (SMEs) in US.

The Guide presents:

- ❖ **Business Strategy and Planning** including opportunities, industry events and business consultants
- ❖ **Business Execution** including setting up a company, using a Business Center as a Virtual Office or a place to meet with clients, Access to Capital, Getting Insurance, etc.
- ❖ **Finding Qualified Professional** service providers like lawyers, accountants, financial advisers, etc
- ❖ **Landing Financial Support** from government, angel investors, and venture capitalists
- ❖ **Networking** effectively with Business and Industry specific associations for business leads and other business enhancing activities

In addition to covering the business aspects, the Guide also prepares and primes you for a successful and hassle free trip to India: what you should know about India and its people, where you can get the best currency exchange rates, how to get a cell phone service and more.

The investors and travelers can use the resources listed in the guide with confidence because they are validated and qualified by Entry India based on recommendations by business travelers to India. The service providers and the vendors listed here will cooperate with your inquiries and invest in you the time needed to conduct your due-diligence.

Reviews

"An excellent Compendium for all Business Owners's seeking to understand the breadth of business opportunities in India—a must resource"

Jeanne Gray,
Publisher of NJEntrepreneur.com

"..... You can possibly get most of the information that's in this little gem of a guide from other sources but it will cost you countless hours even to come close to matching the information that is in this book....."

Som Tyagi, Ph.D.
Professor of Physics, Drexel University
